Overnight at Rhino Walking Safaris' Plains Camp on a full board basis

At more than 2 million hectares the Kruger National Park is one of the world's largest game reserves and a truly remarkable destination. Because of its exceptional size you can experience amazing diversity – from the scenery and ecosystems to the correspondingly amazing array of animals, trees and birds. A trip to the Kruger National Park is an unforgettable and potentially life changing experience.

### Overnight: Rhino Walking Safaris - Plains Camp

Rhino Walking Safaris specialises in luxury walking safaris in 12,000 hectares of pristine bushveld in the only wilderness concession in the Kruger National Park. The concession shares a 15km unfenced boundary with the famous Mala Mala and Sabi Sands reserve, with an abundance of wildlife moving freely between the two reserves. Follow animal trails on foot through this environmentally sensitive area that offers the Big Five as well as a diversity of fauna and flora.

Plains Camp has four African explorer-style tents which overlook the spectacular Timbitene plain with its abundant wildlife. This 8-bed camp is built in authentic pioneer tradition and reflects the ambience of a 19th century naturalist's retreat. The camp is in the middle of our wilderness concession, where it seems the rest of the world no longer exists, and guests are ensured of superb game sightings from their room or on foot.
