- ✓ Program: Short briefing about donkey riding safety. The first walk and donkey ride uphill will take us to a landscape with mountain springs, crystal clear waters, valajca - a method of natural laundry washing, water mills and waterfalls. This is where we are going to take a short break.
- ✓ The second part of the walk and donkey ride of the same duration as the first one - about an hour - will direct us towards the village of Kuratica. (Donkeys are from the village.) There, we will experience a promenade around the village, ethno-exhibition of a living room, old tools, old kitchenware, clothing, traditional brandy still, wine. Two hours of walking / riding all together.
- ✓ Outdoor lunch will also be served in the village, or if the weather makes it impossible, the guests will dine in a room, where they will have an opportunity to learn some simple cookery techniques, and have an enjoy in the old Macedonian cuisine - gjomleze (type of pie cut into diamonds), pitulici (type of doughnuts), homemade yoghurt and cheese, aivar (ground and stewed peppers), pindzur (ground and stewed vegetables) and other delicacies that can be prepared with wine and rakija (grape brandy).
