

## Alyeska Aerial Tram

The Alyeska Aerial Tram is a three-to-seven minute scenic ride from The Hotel Alyeska to 2,300 ft in elevation and the top of Mt. Alyeska. From the Tram, you can see miles in all directions – including views of the Turnagain Arm, up to seven “hanging” glaciers and endless peaks deep into the Chugach Mountain range. Don’t forget to look down! In the summer months, moose and bear sightings are common on our aerial tram rides, too.

At the Upper Tram Terminal, there is an observation deck providing even more breathtaking panoramic views of majestic mountains, hanging glaciers, sparkling streams, towering spruce, and an array of wildlife. *Conde Nast Traveler* rated Alyeska ~ "Best view of any U.S. ski resort." The observation deck is a perfect place to enjoy a relaxed lunch or beautiful evening sunset. Telescopes are also available along the deck. In the summer months, you can also enjoy exploring, berry picking, watching the paragliders launch, and even hike on a glacier.

### **Aerial Tram Schedule**

May 19 - October 12

Open Daily

## Hiking & Trekking

### **Trails that start right from the resort include:**

- **Winner Creek Trail** - The most accessible hiking trail is Winner Creek, which begins near the base of the **aerial tram**. This trail offers a leisurely way through a lush rainforest environment. The first half-mile of the trail is on boardwalk surface; after that point, the trail becomes an easy dirt path with some uneven surfaces in places. Near the two-and-a-half-mile mark on this hike, there is a beautiful river gorge with a bridge and hand tram that allows you to pull yourself across the creek.
- **Upper Winner Creek Trail** - Less developed than Winner Creek Trail. Start on Winner Creek Trail and follow signs to Upper Winner Creek. This trail contours the valley along the South side of the creek for approximately 8 miles of outstanding views and level tread.
- Winner Creek Extension Trail - Access the trail from the hotel pond courtyard. The path will end at Verbier Way near Challenge Alaska.
- **The North Face Trail** - The 2.2 mile steep, advanced trail starts right from the hotel. Featuring a mix of road and single-track with switchbacks, the North Face trail ascends the 2,000 vertical foot slope of this classic ski terrain. Hikers, who make it to the top, can take a complimentary descending ride on the **aerial tram** too.
