Difficulty rating (5 star being the most difficult, 1 star the least): 2

Remote wilderness lodge offering world-class fishing, wildlife viewing, hiking, flightseeing, lakeside cabins, breathtaking views, and more! Located 140 air miles from Anchorage, the lodge has been in operation since the late 1960's. In 2015 the main lodge went through a complete renovation. For the more adventurous, we have five rustic "dry" cabins that can be reached by hiking or plane. Each cabin comes equipped with a woodstove, kitchen supplies & an outhouse. We offer guided and self-guided adventures and can design a personalized package to fit our guest's unique needs and budget. We are the ideal location for small weddings, corporate retreats, family reunions, anniversaries, intimate proposals and so much more!

Take a guided fishing trip on pristine Stephan Lake. Our fresh water lake, river and streams offer fly rod or spin cast fishing for a variety of species. Depending on the time of year you may fish for grayling, rainbow trout, lake trout, dolly varden, burbot, as well as silver and red salmon. This tour is great for first time and experienced anglers! This adventure includes a scenic flight through the Talkeetna Mountain range offering incredible views of Denali, North America's tallest peak. A delicious Alaskan themed gourmet lunch is also provided. Cost of Alaska fishing license is not included in the trip however there will be a stop to purchase licenses for those that need them.
